BRIEFING 1

Tiny homes, explained.

How tiny homes fit into a tax plan, and the rules that come with it.

STRATEGY AT THE CHATEAU

Friday, November 6 · Château Élan, Braselton GA

WHAT WE'LL COVER

The mechanics, not the hype

- How an actively managed short-term rental is structured
- How depreciation works on a tiny home you own
- What material participation requires
- Who this can fit, and who it does not

THE RULE PEOPLE SKIP

Material participation is required.

- Depreciation from a short-term rental can only offset other income if you materially participate in running it.

- That means meeting IRS tests, such as working 100+ hours a year on it and more than anyone else.

- If you cannot put in the time, this strategy may not fit.
