Credit vs. deduction

- **A deduction**
  Lowers the income you are taxed on.
- **A credit**
  Lowers the tax you owe, dollar for dollar.

HOW THIS ONE WORKS

Owning energy property through your own entity

- You own qualifying energy property, such as commercial battery storage, through your own entity.
- The federal credit is tied to that ownership.
- Passive activity, at-risk and recapture rules apply. Fit depends on your whole return.
